We **Are**

A world leader in the delivery of services to support the **evolution of the Labour Market.**

We **Believe**

In **sustainable work**, which means achieving living and working conditions that support people throughout an extended working life.

We **Work**

To change people's lives - providing an **enjoyable working environment** and creating sustainable social and economic value.

We **Aim**

To create a sustainable and enjoyable Global Market for **Candidates and Companies**, reflecting **Labour Market needs.**

We Are
More
than **Work**

Fondazione Gi Group

Vision

Fondazione Gi Group wants to become a **leading voice** on the issue of **Sustainable Work**. We aim to work with all stakeholders to identify solutions which **actively contribute to the progress of the countries where we operate**, from a constructive perspective and based on Sustainable Work values and models.

Mission

Fondazione Gi Group works to **INVESTIGATE, IMPLEMENT and DISSEMINATE** the concept of **Sustainable Work** via the completion of initiatives and projects which are both concrete and replicable.

Projects

Sustainable Work Culture

Our Sustainable Work Manifesto

Decent & Safe Work

Sustainable Work guarantees **dignity**, **regular contracts**, **protection** from exploitation, **safe working conditions**, fair income, **equality**, personal wellbeing, and **empowerment for individuals** to have a voice in these areas.

Diversity, Equity & Inclusion

Sustainable Work **eliminates the hurdles** that discourage or hinder workers from entering, remaining, or advancing in the Labour Market, while **valuing personal contribution** and ensuring **equity** and **inclusion** for all.

Employability & Satisfaction

Sustainable Work establishes conditions that enable people and companies to actively sustain **employability**, **engagement** and **work life balance** throughout an extended, healthy and meaningful working life.

Safeguarding Resources for the Future

Sustainable Work aligns with **ESG standards** without compromising the ability of future generations' access to – and participation in – the Labour Market. It avoids the exploitation of human and environmental resources, while fuelling **competences, innovation, and relations**.
